During the Final Period, FTI analyzed the Debtors' filed Statements of Financial Affairs ("SOFAs") and Schedules of Assets and Liabilities ("SOALs") in order to identify and summarize key information for the Committee, including the various assets and liabilities at individual Debtor entities, payments to insiders within a year before the Petition Date, and payments to third parties within 90 days prior to the Petition Date. FTI prepared diligence questions on the SOFAs and SOALS and participated in discussions with the Debtors' advisors to understand the nature of certain assets and liabilities and the rationale for certain payments to insiders and third parties. A detailed itemization of each expense within each category is attached hereto as **Exhibit F**.

27. FTI reserves the right to request, in subsequent fee applications, reimbursement of additional expenses incurred during the Application Period, as such expenses may not have been captured in FTI's billing system in time to be included in this Application.

**Basis for Relief**

28. Section 331 of the Bankruptcy Code provides for interim compensation of professionals not more than once every 120 days after the commencement of the cases (or more often as the court may permit) and incorporates the substantive standards of section 330 to govern

the Court's award of such compensation. See 11 U.S.C. § 331. Section 330 provides that a court may award a professional employed under section 1103 of the Bankruptcy Code "reasonable compensation for actual, necessary services rendered [and] reimbursement for actual, necessary expenses." 11 U.S.C. § 330(a)(1).

29. Section 330 also sets forth the criteria for the award of such compensation and reimbursement:

In determining the amount of reasonable compensation to be awarded to . . . [a] professional person, the court shall consider the nature, the extent, and the value of such services, taking into account all relevant factors, including –

- A. the time spent on such services;
- B. the rates charged for such services;
- C. whether the services were necessary to the administration of, or beneficial at the time at which the service was rendered toward the completion of, a case under this title;
- D. whether the services were performed within a reasonable amount of time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed;
- E. with respect to a professional person, whether the person is board certified or otherwise has demonstrated skill and experience in the bankruptcy field; and
- F. whether the compensation is reasonable based on the customary compensation charged by comparably skilled practitioners in cases other than cases under this title. 11 U.S.C. § 330(a)(3).

30. FTI respectfully submits that, in accordance with the factors enumerated in section 330 of the Bankruptcy Code, the services for which it seeks compensation in this Application were, at the time rendered, believed to be necessary to effectively represent the Committee and the

interests of the Debtors' estates and creditors, and were performed economically, effectively, and efficiently.

31. Accordingly, approval of the compensation for professional services and reimbursement of the expenses sought herein is warranted.

No previous application for the relief sought herein has been made to this or any other Court.

**WHEREFORE**, FTI respectfully requests that the Court enter an order, substantially in the form attached hereto, (i) approving and allowing on an interim basis the compensation and reimbursement of actual and necessary costs and expenses requested herein; (ii) approving the payment of the 100% of allowed fees and expenses, and (iii) providing such further relief as may be just and proper.
